

# Premium comfort FOR WORKING AT HEIGHTS

- EVO® Vista™ Ascend™ styles feature fully adjustable point chinstrap for working at heights
- Secure comfortable fit with easy to use Revolution® wheel ratchet with 3D adjustment that offers 1-2-3 point harness depth settings
- Fully adjustable eye protection with effortless deployment and retraction that provides maximum coverage — ANSI Z87.1 with coating that provides scratch and fog resistance
- Functional universal accessory slots are fully compatible helmet mounted hearing protection. Side ventilation for optimum air movement inside the shell reduces helmet temperature by an average of 4-6 degrees Fahrenheit.

## COMPLIANT PROTECTION

ANSI  
Z89.1-2014  
Type I Class C

EN 12492

\*Non-vented shells are in full compliance to EN12492, with exception to section 4.1.4 Ventilation

## EVO® VISTA™ ASCEND™

Features a fully adjustable 4-point chin strap along with the premium optical protection styles of the VistaLens and VistaShield. Lightweight and comfortable ideal for working at heights where complete concentration and unobstructed field of view is critically important.

280-EVSV-CH

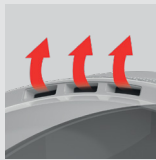

### FULLY ADJUSTABLE

The EVO® VISTA™ pivots smoothly, allowing the wearer to adjust the faceshield position and maximizing coverage and protection.

### COVERAGE

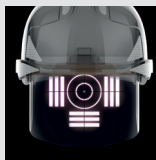

EVO® VISTA™ has been designed to maximize facial coverage, and is compact so it does not compromise wearer movement.

### VENTILATION\*

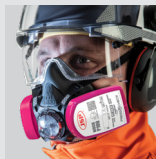

The shell is dual vented to increase comfort and allow a cooling air flow, reducing helmet temperature by an average 4-6 degrees.

\*OPTIONAL

### VISION

The integrated visor offers a panoramic view with minimal distortion. Conforms to both ANSI Z87.1+ and EN166.1.A1

### COMPATIBILITY

EVO® VISTA™ has been designed to work with a variety of eye protection, respiratory protection and hearing protection PPE

### COMFORT

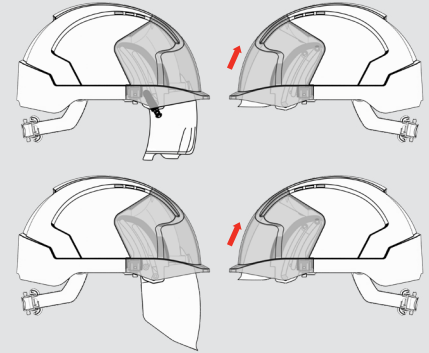

A 6-point terylene cradle suspension system & Egyptian cotton Chamlon™ sweatband offers unrivaled comfort.

### SAFETY CELL

The safety cell concept prevents ricocheting debris traveling up the eyewear and impacting the scalp. In addition, the face shield cannot make contact with the scalp, preventing injury should it be forced back onto the safety cell.

### FULLY RETRACTABLE

# Premium comfort with eye and face protection
