# WELDING SAFETY PRODUCTS CATALOG

[www.pipusa.com](http://www.pipusa.com)

# A global provider of innovative safety products

FOUNDED IN  
**1984**  
IN LATHAM, NY USA

WORKFORCE OF OVER  
**1500+**  
EMPLOYEES

WITH OVER  
**10K+**  
PRODUCTS AVAILABLE

Over 30 years ago, PIP® founders Joe Milot and Wellson Tao set out on a mission to bring the best of the world in Safety products.

OVER  
**20**  
GLOBAL LOCATIONS

MANUFACTURING LOCATIONS  
**9**  
IN NORTH AMERICA

DISTRIBUTION CENTERS  
**1.5M** SQ  
FT  
GLOBALLY SITUATED

Today, PIP® is a leader in safety products.

BRANDS THAT EXTEND AROUND THE GLOBE.

## MAIN PRODUCT CATEGORIES

HAND & ARM PROTECTION

PROTECTIVE GARMENTS

EYE & HEARING PROTECTION

ELECTRICAL SAFETY

HEAD PROTECTION

## Protecting Hands

Up to 30 percent of hand injuries are attributed to fit, wear or simply the wrong type of glove for the hazard. PIP® believes it can help eliminate hand injuries on the job. Caiman® and Ironcat® welding gloves by PIP® are specifically designed for the unique heat shielding, dexterity and protection demands of Stick, MIG and TIG welding.

## Safety Products You Can Trust

Over the last 10 years, PIP® has grown its product offering in personal protective equipment to deliver head-to-toe protection. Today, in addition to knit gloves and sleeves, we manufacture hard hats, face shields, ear muffs, ear plugs and first aid products.

Welding  
Safety

# KEY TO SAFETY IN WELDING

The key to injury reduction is not just product, it's understanding applications so that the right safety product is used.

Welding is inherently dangerous. Gas, flame, sparks, blinding light – nothing can be left to chance.

PIP® offers the right product specifically designed to help protect professional welders. Tailored to work with the different types of welding.

## Hand & Arm Protection

CHOOSING THE RIGHT PROTECTION IS ESSENTIAL TO NOT ONLY MINIMIZING SAFETY RISKS BUT MAXIMIZING WORKER PRODUCTIVITY AND THE QUALITY OF THE WELD.

Caiman® and Ironcat® welding gloves and sleeves are specifically designed for the unique heat shielding, dexterity, tactility and protection demands of all welding and metal fabrication applications.

**STICK**  
Maximum Heat Protection  
and Durability

**MIG**  
Enhanced Dexterity and Comfort

**TIG**  
Extreme Precision and Durability

**SLEEVES**  
Extended Arm Protection

## Body Protection

PROFESSIONAL WELDERS ARE CONSTANTLY AT RISK DUE TO WELDING EQUIPMENT THAT PUTS OUT HEAT, SPARKS, METAL AND FUMES.

Selecting the proper PPE depends on the hazard, where you work, how often you perform the task, jobsite requirements and ultimately what you are comfortable with.

**WELDING JACKETS**  
Protect the torso, arms,  
back and neck

**BIB APRONS**  
Protect the torso

**CAPE SLEEVE**  
Protects the shoulders,  
upper chest and arms

The Caiman® brand is synonymous with innovation, comfort and quality in high performance gloves and protective clothing for welders and utility workers, offering premium, unique patented design features and an optimal fit.

# Premium brand quality

## Patented 3D design with KONTOUR™ fit

Kontour™ – 3-dimensional form-fitting patterns that vastly improve fit, comfort and dexterity – all things missing from traditional welding and work gloves.

## Reinforced protection

Reinforcement patches that are strategically shaped and positioned on the palm to ensure comfort while providing enhanced durability.

## High-performance materials

Made with premium materials, Caiman® welding gloves stand up to the toughest of jobs while remaining flexible, comfortable and durable.

# & patented innovation

## EXCLUSIVE FEATURES

3-dimensional pattern for ergonomic fit and maximum comfort.

Patented Kontour Wrist™ design to enhance comfort and safety.

Superior insulation that's naturally antimicrobial with moisture-wicking properties.

Lock-stitching for flame-resistant, high-strength seam integrity.

# PREMIUM Stick / MIG Welding Gloves

The Revolution® Series offers a 3-dimensional, form-fitting design never before applied to welding gloves. The Revolution® Series has become known as the top-of-the-line, most premium welding gloves in the world.

From material selection to the attention to design details, Revolution® delivers unprecedented comfort, style and safety.

Revolution®, as the name suggests, is a complete departure from traditional welding gloves with minimal comfort, finger dexterity, or aesthetic value. Caiman® Revolution® gloves instantly set the bar higher and became the new standard for others to follow.

## Industrial Grade

### 1434

GRAIN COWHIDE FLEECE LINED  
WELDING GLOVES

- Kontour™ form-fitting design
- Scalloped leather cuff provides additional forearm protection
- Sock-lined with fleece and internal padded palm for extra comfort

### 1440

SPLIT COWHIDE FOAM INSULATED  
WELDING GLOVES WITH REINFORCED PALM

- Kontour™ form-fitting design
- Reinforced supported palm and thumb for maximum wear and protection
- Aerofoam™ lining with full sock construction for unmatched comfort and insulation

### 1448

SPLIT COWHIDE ALUMINIZED  
WELDING GLOVES

- Kontour™ form-fitting design
- HeatFlect™ aluminized insulation reflects radiant heat
- Aerofoam™ lining with full sock construction for unmatched comfort and insulation

### 1449

18" SPLIT COWHIDE ALUMINIZED  
WELDING GLOVES

- Kontour™ form-fitting design
- HeatFlect™ aluminized insulation reflects radiant heat
- Aerofoam™ lining with full sock construction for unmatched comfort and insulation

### 1524

SPLIT COWHIDE ALUMINIZED BACK  
WELDING GLOVES

- Kontour™ form-fitting design
- Aluminized rayon back for radiant heat protection
- Wool lined for advanced thermal protection

### 1485

ELKSKIN UNLINED PALM WITH WOOL  
INSULATED BACK WELDING GLOVES

- Kontour™ form-fitting design
- Thumb reinforcement strap, pulse protector
- Wool lined for advanced thermal protection

# Leather Apparel

Protective clothing is made of premium quality split pigskin leather. Boarhide® is 15 to 25% lighter, stays cleaner, more breathable and offers better cut, abrasion and heat resistant values than split cowhide leather of equal thickness. Also, unlike split cowhide leather, Boarhide® is naturally elastic which provides enhanced mobility.

## Bib Aprons

- 3136**  
36" BOARHIDE® BIB APRON  
- Offers greater mobility than cowhide  
- Wide adjustable neck and waist straps
- 3142** - 42" bib apron  
**3148** - 48" bib apron

## Split Leg Aprons

- 3242**  
42" BOARHIDE® SPLIT LEG BIB APRON  
- Offers greater mobility than cowhide  
- Wide adjustable shoulder and waist straps  
- Bib pocket
- 3248** - 48" apron

## Chaps

- 3240**  
40" BOARHIDE® CHAPS  
- Offers greater mobility than cowhide  
- Wide adjustable waist and leg straps

# Respiratory Protection

## STANDARD N95

### N95 Disposable Respirator 270-RPD713N95

- Curved nose clip follows the contours of the user's nose for a superior seal which helps minimize the fogging of eyewear

## ECONOMY N95

### N95 Economy Disposable Respirator 270-RPD513N95

- Open-cell foam nose pad creates a cushion between the nose and the mask for increased comfort
